DESCRIPTION OF BENEFITS

HEALTH BENEFIT PLAN

The benefits described in this section will be eligible, up to the amount shown in the Summary of Benefits, if they are medically necessary for the treatment of an illness or injury. Reimbursement will be limited to [reasonable and customary](#) charges in addition to any specific limitations and maximums stated in the Summary of Benefits and as stated in this Description of Benefits.

Prescription Drugs

Prescription drug benefits, up to the amount shown in the Summary of Benefits, that:

- a) are prescribed by a legally qualified medical practitioner or dental practitioner as permitted by law; and
- b) legally require a prescription and have a Drug Identification Number (DIN); and
- c) are approved under GSC's drug review process; and
- d) are paid on a Pay Direct basis.

GSC reserves the right to manage its drug formularies through an evidence-based review process in which drugs are evaluated based on overall value taking into account clinical efficacy, safety, unmet need and plan affordability. Formulary management includes the right to:

- add a drug to GSC's formularies;
- exclude or remove a drug from GSC's formularies regardless of Health Canada approval and/or the existence of provincial coverage;
- place restrictions on a formulary drug as determined by GSC. Restrictions may include, but are not limited to, GSC's pre-approval of the drug before the claim can be reimbursed, requirement to obtain the drug through an approved provider, and requirement to obtain a lower cost alternative of the same treatment such as a generic or a [biosimilar drug](#)

If approved by GSC, this plan includes drugs with a Drug Identification Number (DIN) that do not legally require a prescription, including but not limited to nitroglycerin, insulin and all other approved injectables, as well as related supplies such as diabetic syringes, needles, testing agents and some limited access drugs. In addition, this plan includes vaccines.

Certain drugs require prior approval from GSC before your drug claim can be reimbursed. Further, certain drugs defined by GSC as specialty, high cost drugs may be required to be purchased from an approved pharmacy that is a member of GSC's Specialty Drug Preferred Provider Network (PPN) before your claim can be reimbursed. You can find out if your drug requires prior approval or is included in the PPN either by checking your coverage under "Your Health Benefits" on *GSC everywhere*, or by contacting GSC's Customer Service Centre.

Maintenance drugs required to treat lifelong chronic conditions may be required to be purchased in a 90-day supply of a prescription at any one time. Non-maintenance drugs may be purchased in a supply not exceeding 3-months (90-day) supply of a prescription at any one time. However, for all drugs, 6 months for a vacation supply may be purchased and not more than a 13-month supply in any 12 consecutive months.

Generic drug substitution

Reimbursement will be made for the cost of the lowest priced equivalent drug based on specific provincial regulations, unless your medical or dental practitioner has written that there is to be no substitution of the prescribed drug or medicine.

Conditional Drug Formulary™ – Effective January 1, 2003

New drugs introduced to the Canadian marketplace and approved by Health Canada after **January 1, 2003** will be subject to an evaluation process by GSC to determine the Need, Safety, Effectiveness and Cost.

Upon filling a prescription, your Pharmacist will know whether the drug is covered, covered with conditions or not covered. If the drug is covered with conditions, you must contact our Customer Service Centre to obtain a Special Authorization Form and a Criteria Sheet for your physician to complete. Once these forms are completed, they must be returned to GSC for review. We will advise you if the drug is covered or not covered. Once the drug has been approved for your use, all future claims can be submitted electronically.

NOTE:

Drug Benefit over age 65: The Drug Benefit co-pay and the deductible (where applicable) in your province of residence are eligible benefits.

Quebec residents only: Legislation requires GSC to follow the RAMQ (The Regie de l'assurance maladie du Quebec) reimbursement guidelines for all residents of Quebec. If you are younger than age 65, you must enroll for the GSC Prescription Drugs benefit plan and GSC will be the only payer. If you are age 65 or older, enrolment in RAMQ is automatic, enrolment in the GSC Prescription Drugs benefit plan is optional, and RAMQ would be first payer.

If any provisions of this plan do not meet the minimum requirements of the RAMQ plan, adjustments are automatically made to meet RAMQ requirements.

TRAVEL

Important: This Travel benefit includes requirements, limitations, and exclusions that can affect eligibility and/or reimbursement of incurred expenses. You must be accurate and complete in your dealings with GSC at all times. Please take the time to read through this benefit before you travel to ensure you are aware of the terms and conditions, making note of the following:

- With the exception of the “**Referral Services**”, this Travel benefit is an **emergency** medical benefit only and provides coverage while you are temporarily outside of your regular province/territory of residence for vacation, education, or business reasons. It does not cover any non-emergency, elective, cosmetic, or experimental treatment, surgery, procedure, or any other service a covered person chooses to have performed outside of his or her home province/territory – whether pre-planned or not.
- GSC reserves the right to review your medical information at the time of claim. Any invasive or investigative procedures must be pre-approved by GSC Travel Assistance. If the covered person is the patient and it is medically impossible for the covered person to call prior to obtaining emergency treatment, it is extremely important to have someone call GSC Travel Assistance on the covered person’s behalf within 48 hours. If GSC Travel Assistance is not notified within the first 48 hours, reimbursement of incurred expenses may be limited to **the lesser of** the amount of only those expenses incurred within the first 48 hours of any and each treatment/incident **or** the plan maximum. This means the covered person will be responsible for all expenses thereafter.

Emergency means a sudden and unforeseen Medical Condition that requires Treatment. An emergency no longer exists when the evidence reviewed by GSC Travel Assistance indicates that no further Treatment is required at destination or you are able to return to your province/territory of residence for further Treatment. If GSC Travel Assistance determines that you transfer to another facility or return to your home province/territory of residence, and you choose not to, the benefits will not be paid for further medical treatment and coverage will be limited for unrelated events.

Emergency excludes Treatment of a **Pre-existing Condition** that was not completely **Stable** for the 90-day period immediately preceding the covered person’s departure.

Pre-existing Condition means any Medical Condition that exists prior to the date of the covered person’s departure.

Medical Condition means any disease, illness or injury (including symptoms of undiagnosed conditions).

A Medical Condition is considered **Stable** when all of the following statements are true during the 90-day period immediately preceding the date of the covered person’s departure.

- a) There has not been any new Treatment prescribed or recommended, or change(s) to existing Treatment (including stoppage in Treatment), and
- b) The Medical Condition has not become worse, and
- c) There has not been any new, more frequent, or more severe symptoms, and
- d) There has been no hospitalization or referral to a specialist, and
- e) There have not been any tests, investigation or Treatment recommended, but not yet complete, nor any outstanding test results, and
- f) There is no planned or pending treatment, and

- g) There has not been any change to an existing prescribed drug (including an increase, decrease, or stoppage to prescribed dosage), or any recommendation or starting of a new prescription drug. The following are not considered changes to existing prescribed drug Treatment.
- i. Routine dosage adjustments of Coumadin, Warfarin, or insulin, as long as these medications have not been newly prescribed or stopped;
 - ii. A change from a brand name to a generic equivalent product as long as the dosage is the same – including a transition from a biologic to a biosimilar product;
 - iii. A decrease in the dosage of a medication due to the improvement of a condition

All of the above conditions must be met during the 90-day period prior to the covered person's departure in order for a Medical Condition to be considered Stable.

Treat, Treated, Treatment means a procedure prescribed, performed, or recommended by a Physician for a Medical Condition. This includes but is not limited to prescribed medication, investigative testing, and surgery.

- To qualify for benefits, the claimants must be covered by their respective provincial/territorial government health plan or equivalent at the time the expenses are incurred; otherwise, there is no coverage under this benefit.
- Eligible travel benefits will be considered based on the [reasonable and customary](#) charges in the area where they were received, less the amount payable by your provincial/territorial health insurance plan, if your province/territory provides such coverage.
- All dollar maximums and limitations are stated in Canadian currency. Reimbursement will be made in Canadian funds or U.S. funds for both providers and plan members, based on the country of the payee. For payments that require currency conversion, the rate of exchange used will be the rate in effect on the date of service of the claim.
- Eligible benefits are limited to the maximum days per trip shown in the Summary of Benefits commencing with the date of departure from your province/territory of residence. Travel Limitations

1. Coverage becomes effective at the time you or your dependent crosses the provincial/territorial border departing from their province/territory of residence and terminates upon crossing the border returning to their province/territory of residence on the return home. If traveling by air, coverage becomes effective at the time the aircraft takes off in the province/territory of residence and terminates when the aircraft lands in the province/territory of residence on the return home.
2. GSC Travel Assistance must be notified **before** obtaining [Emergency Treatment](#) in order for GSC Travel Assistance to:
 - confirm coverage; and
 - provide pre-approval of treatment.

If it is medically impossible for the covered person to call prior to obtaining Emergency Treatment, GSC Travel Assistance requires either the covered person or someone on behalf of the covered person to call GSC Travel assistance within 48 hours of commencement of treatment.

If GSC Travel Assistance is not notified before the Emergency Treatment was received, benefits will be limited to **the lesser of** the amount of only those expenses incurred within the first 48 hours of any and each treatment/incident **or** the plan maximum. This mean you will be responsible for all expenses thereafter.

3. After your medical emergency treatment has started, GSC Travel Assistance must assess and pre-approve additional medical treatment. If you undergo tests as part of a medical investigation, treatment or surgery, obtain treatment or undergo surgery that is not pre-approved, your claim will not be paid. This includes invasive testing, surgery, cardiac catheterization, other cardiac procedures, transplants, MRI.
4. Repatriation is mandatory when GSC Travel Assistance determines that the covered person should transfer to another facility or return to the home province/territory of residence for treatment, or at the end of the emergency. If you choose not to return:
 - no benefits will be paid for any further medical treatment;
 - no benefits will be paid for any recurrence or complications related directly or indirectly to the Medical Condition that caused the emergency; and
 - for the remainder of the trip, coverage will be limited to Medical Conditions completely unrelated to the Medical Condition that caused the emergency.
5. Air ambulance services will only be eligible if:
 - they are pre-approved by GSC Travel Assistance
 - there is a medical need for you or your dependent to be confined to a stretcher or for a medical attendant to accompany you during the journey
 - you or your dependent are admitted directly to a hospital in your province/territory of residence, and
 - medical reports or certificates from the dispatching and receiving legally qualified physicians are submitted to GSC Travel Assistance
 - proof of payment (including air ticket vouchers or air carrier invoices) is submitted to GSC Travel Assistance
6. If planning to travel in areas of political or civil unrest, or in areas where the Canadian government has issued a formal travel warning regarding non-essential travel, contact GSC Travel Assistance for pre-travel advice, as we may be unable to guarantee assistance services.

7. GSC Travel Assistance reserves the right, without notice, to suspend, curtail or limit its services in any area if any of the following occur:
- political or civil unrest, rebellion, riot, or military uprising;
 - labour disturbance or strike;
 - act of God; or
 - refusal of authorities in a foreign country to permit GSC Travel Assistance to provide service.

This includes travel if when you booked your trip (including delay of travel), or before your departure date, the Canadian government issued a formal travel warning advising Canadians to avoid either all travel or all non-essential travel regarding the country, region, city, or other key components of your travel arrangements (e.g., cruise ship) due to a likely or actual epidemic or pandemic.

In this limitation, non-essential travel means anything other than a significant medical or family emergency, such as the death of a family member.

 - b) where medical evidence suggested a reasonable expectation that treatment or hospitalization could be required while traveling; or
 - c) a physician advised the covered person not to travel.

HEALTH CARE SPENDING ACCOUNT (HCSA)

Your HCSA is governed at all times by the rules and regulations of the Income Tax Act. In the event of a dispute the Income Tax Act shall prevail. The liability for the HCSA lies solely with your plan sponsor.

Your HCSA is provided by your plan sponsor and administered by GSC.

Your HCSA is a spending account funded by your plan sponsor that you can use to pay for health and dental expenses that are not covered by your group benefit plan or your provincial health plan.

At the beginning of each benefit year, a predetermined lump sum amount as shown in the Summary of Benefits will be allocated to your account annually to cover the reimbursement of your eligible expenses incurred during that benefit year. When you submit a claim, you will be reimbursed for eligible expenses up to the balance in your account.

ELIGIBLE EXPENSES

Eligible expenses include but are not limited to those that qualify for medical expense tax credits under the Canada Revenue Agency (CRA) Income Tax guidelines. It also includes the amount of the deductible and the percentage not covered by the group benefit plan or the amount in excess of group benefit plan maximums.

For a list of eligible medical expenses, visit our website at greenshield.ca, or for more information about eligible expenses you can consult a CRA office or visit the CRA website.

Exclusions

Expenses not eligible for reimbursement are at all times governed by the non-eligible expenses, restrictions and limitations outlined in the Canadian Income Tax Act. An example of expenses would be:

- a) premiums paid to provincial medical or hospitalization plans; and
- b) medical costs for which you or your dependent are reimbursed or entitled to be reimbursed under a provincial health insurance plan, your group benefit plan or your spouse's group benefit plan.

Maternity, Adoption or Parental Leave

If you elect to continue benefits under your group plan, you may continue to submit claims for expenses incurred prior to, or during, the period of your leave.

CLAIM INFORMATION

Inquiries

For detailed inquiries, contact your Benefits Administrator or contact us:

- ♦ Call our Customer Service Centre at 1.888.711.1119 to determine eligibility for a specific item or service and GSC's pre-authorization requirements, or
- ♦ Visit our website at greenshield.ca to e-mail your question.

Submitting Claims

Claim forms, including Pre-Authorization forms, and valuable claims submission information, is available at greenshield.ca.

Please note that in addition to a completed claim form, claims reimbursement requires the original itemized paid receipt (**cash receipts or credit card receipts alone are not acceptable**).

GSC reserves the right to request supplementary claims information, failure to respond to such requests may result in the denial of the claim.

The intentional omission, misrepresentation or falsification of information relating to any claim constitutes fraud. Submission of a fraudulent claim is a criminal offence and will be reported to the applicable law enforcement and/or regulatory agencies and your plan sponsor. This could result in termination of your coverage under this benefit plan.

Your HCSA does not have automatic coordination with your health and dental benefits. If you would like to enable this functionality, you may do so through *GSC everywhere* (the GSC Customer Service Centre is unable to arrange set up of this function).

Auto-Coordination with HCSA

Once you have accessed *GSC everywhere* and have set up your HCSA auto-coordination, your health and dental claims will automatically be coordinated with your HCSA. You must pay the provider of service the HCSA portion of the claim and you will be automatically reimbursed from your HCSA without having to submit a paper claim. The claim **will not** be re-directed to a secondary plan (COB) before paying out of the HCSA.

Manual Coordination with HCSA

If you choose **not** to have all your traditional health and dental claims automatically coordinated with your HCSA, you must pay the provider of service the HCSA portion of the claim, then complete a HCSA Claim Submission Form and attach proof of payment. You can indicate on this claim form if you want your eligible expenses paid from your GSC health and/or dental plan first, and any unpaid portion of your eligible expenses paid from your HCSA.

All Health claims must be received by GSC no later than 12 months from the date the eligible benefit was incurred.

All HCSA claims must be received by GSC no later than 30 days after the end of the benefit year, or, no later than 365 days after your termination date, your retirement date, your date of death, or the date of your leave of absence greater than 30 days (other than a Maternity, Adoption or Parental Leave).

Reimbursement

Reimbursement will be made by one of the following methods:

- a) Direct deposit to your personal bank account, when requested;
- b) A reimbursement cheque; or
- c) Direct payment to the provider of services, where applicable.

All dollar maximums and limitations stated are expressed in Canadian dollars. Reimbursement will be made in Canadian or U.S. funds for both providers and plan members, based on the country of the payee.

Overpayments

GSC reserves the right to recover all amounts resulting from overpaid or unsupported claims for benefits by deducting such amounts from future claims and/or by any other legal means.

Limitation on Legal Action

In Ontario, every action or proceeding against GSC for recovery of benefit payment under the plan is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002*.

In British Columbia, Alberta and Manitoba, every action or proceeding against GSC for recovery of benefit payment under the plan is absolutely barred unless commenced within the time set out in the *Insurance Act*.

Emergency Travel

GSC Travel Assistance must be contacted by phone within 48 hours of commencement of treatment.

Call our Customer Service Centre at 1.888.711.1119 for detailed claims submission instructions.

If you have incurred out of pocket expenses, make sure you tell GSC Travel Assistance about all the travel coverage you have when submitting claims. Claims must be submitted together with supporting original receipts to GSC Travel Assistance who will then co-ordinate reimbursement of those approved, eligible expenses from all sources (e.g., provincial plans that provide out-of-Canada coverage, a spousal plan, travel coverage provided through your credit card, etc.).

To make a claim, submit the patient name, provincial health insurance plan number, address and GSC Identification Number with a detailed statement showing the services rendered and the fees charged for each service.

Subrogation

GSC retains the right of subrogation of benefits. This means if GSC paid benefits on behalf of you or your dependent, but the benefits either should have been paid or are subsequently paid or provided, in whole or in part, by a third party liability or other coverage(s), GSC has the right to recover such payment or reimbursement. In cases of third party liability, you must advise your lawyer of our subrogation rights.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payer first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

GSC coverage for you is always primary. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
 - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

Travel Benefits

In the event of a travel claim, all plans equally share the cost of the claim.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.

Access to Information

If you live in a province where the law permits you to request copies of your records, GSC will provide one copy of the following at no charge:

- a) any enrollment form you completed for coverage under this plan that was submitted to GSC;
- b) any written statements or other record about your health that you submitted to GSC during the course of applying for coverage under this plan;
- c) one copy of the group contract.

GSC may charge you to provide any additional copies.
